

COMPLETING
A DESIGN

Step by Step
PAGE 1

1. Refer to supply list and gather all supplies.
2. Apply gold paint where any crackle will be. Also, apply gold where you want gold accents. Doing this all at once in the beginning is a time saver!
3. Apply crackle medium where desired, ensuring not to get it anywhere you do not want to crackle.
4. While crackle is drying, apply Drop Cloth for any parts where you desire b/w stripes.
5. Once the Drop cloth and crackle is dry, begin applying the black on top of crackle medium.
6. Apply black to areas you desire polka dots and onto your stripes.
7. Using your Qtip, apply gold dots on top of black where desired.
8. Using your round sponge brush, apply Drop Cloth polka dots onto black where desired.

9. Finish larger stripes with black paint and a larger brush. You can also tape these off if you prefer.
10. Once all paint is dry, begin applying glaze section by section with a chip brush. *Do not apply to entire piece and do not let dry longer than 10 minutes*
11. Wipe off glaze in each section with towels until desired look is achieved. Let dry.
12. Apply polycrylic to entire piece, if desired.
13. Using sponge applicator, apply Gator Hide to table top.
